President's Message

Greetings from sunny, not so warm, Florida. (It went down to 31 degrees last night). After speaking with several board members, I can share a few tidbits with all of you.

The Fine Arts Association lists Music Therapy as “the structured use of music experience by a trained professional to help individuals of all ages and abilities achieve specific goals such as attention to task, motor development, appropriate social interaction, language development, positive self-worth, emotional expression and much more”, and FAA has this wonderful program to offer those in need. Ann Marie Raddell certainly has the credentials and her presentation was, and I quote one of our board members, “Ann gave a nice review of how the program has evolved from the start and how far they have come in reaching many, especially outside of Fine Arts as well. I liked her audience participation and her vocals as well. The whole thing was very educational.” So, thank you to FAA, Ann Marie Raddell and her staff.

After the presentation, everyone headed to the beef! The mini-meatloaves were once again a big hit.

Congratulations to Diane Meros who is the winner of the 50/50 raffle!

Our donation to FAA for their wish list request is coming to fruition. The electronic message boards are installed and can be seen as you enter the gallery. Check them out!

Treasurer, Judy Nagel, reported that our benefit in December realized \$21,792. And the net income was \$13,851. Well done committee!!!

On February 12th, we will enjoy the music of some of the faculty from FAA. “Interludes of Music” will be presented by Judith Elias, Phyllis Spears, and Sanni Kearns. See the detailed information included in this newsletter.

I’m looking forward to seeing all of you in February.
