The Fine Arts Association
COVID-19 Update
March 17, 2020, 4:00 p.m.

Dear all,

The Fine Arts Association team is pulling together an innovative and creative plan of action this week during this critical time for our faculty, students, parents, cast members, and community members. The arts are incredibly important for creativity, growth, and overall health.

We appreciate your patience over the next few days as we put this plan of action together. In the meantime, we wish you good health.

What we do know:

- Meeting the five basic needs our bodies require to survive: oxygen, food, water, shelter and sleep come before anything else.
- **Our next plan of action will be sent out by this coming Friday, March 20, 2020**
  - *Our plan of action will continue to evolve as the current climate dictates*
- One Acts are cancelled, the Annual Benefit is rescheduled to 6/25/2020, Women’s Committee Luncheon is cancelled, and in person classes/lessons are postponed until further notice.
- Here are a few resources we encourage our community to keep up with:
  - Center for Disease and Control
  - Governor Mike DeWine
  - Ohio Arts Council
  - United Way of Lake County
  - You can dial “211” for information about resources around basic needs

What we are working on now:

- Video based lessons for current students enrolled in classes and lessons
- Community partnerships and collaboration
- Funding resources
- Music and choreography recordings for those who auditioned for Chicago this past week
- Scheduling a deep cleaning for the entire FAA building

Please be well,

*The FAA Team*
