President's Message

March Madness is definitely here and I don't mean basketball. Unfortunately, we have had to make some unwanted but necessary decisions. So, having said that, this message is to inform everyone that our April luncheon/program has been canceled. We will advise members as to future meetings and events as we go forward during this Coronavirus outbreak. We hope that everyone will follow the CDC's recommendations to help circumvent this terrible illness. Also, we will be calling all non- email members.

Thank you for understanding.

Karen Pribula
