

The Fine Arts Association seeks an Art Therapist to join the Creative Arts Therapies faculty

Responsibilities:

- Provide individual and group art therapy services and adapted lessons for clientele in community arts based program, including documentation and ongoing evaluation
- Assess/evaluate potential client needs through assessment
- Provide needed consultation with client families
- Document client progress in reports
- Participate in twice yearly client events
- Serve as advocate for organization's Creative Arts Therapies program
- Collaborate with Associate Director of Creative Arts Therapies and Director of Education to create new programming
- Participate in team meetings and peer supervision

Potential Opportunities:

- Provide sessions on site at The Fine Arts Association for clients of varying needs and ages
- Various opportunities in connection with The Fine Arts Association's partnerships with off-site locations
- Part-time position with potential to grow to full-time

Minimum Qualifications:

- Master's Degree, Certification in Art Therapy and relevant education required
- Working knowledge of Outlook, Word, Excel, Database programs, and the Internet
- Must be able to work occasional weekends or evenings

Preferred Qualifications:

- Diverse client experience, especially knowledge of individuals with ASD

Application Instructions:

Submit the following to Associate Director of Creative Arts Therapies, Ann Marie Raddell, MT-BC, NICU MT at araddell@fineartsassociation.org:

1. Cover Letter detailing interest in the position
2. Resume
3. Example of session plan
4. 3 references

Position will remain open until filled
